### **UAS regulations**

According to the UAS regulations applicable in European Union, the UAS operator number of the competitor must be visible on every model.

For competitors from European Union countries, the registration as UAS operator must be normally done by the competitor on its national registration system.

For competitors outside European Union, or competitors within European Union who don't get an UAS operator number, a sticker with the FFAM UAS operator number (FRAd02bpviz5wmp) will be affixed to the models registered by the competitors concerned.
